

G&S 2.0 - End User Guide

G&S 2.0 — End User Guide: Submitting Scheduled Billable Charges

Created: July 13, 2026 | Author: Malik Falana

Last Modified: July 13, 2026 | Modified By: Malik Falana

What This Guide Covers

This guide walks you through submitting Goods & Services charges (like trip fees, cleaning fees, filter replacements, etc.) from the Water Desk to Aspire. Once submitted, the charges appear in Aspire automatically — no manual entry needed.

Who this is for: Taylor Jenkins (primary), Megan (admin support)

Before You Start

- You need access to the **Dealer Goods & Services** table in the Water Desk
 - You need a contract already selected on your G&S record
 - You should know:
 - What type of charge you're entering (e.g., Cleaning Fee, Trip Charge)
 - The dollar amount
 - Whether it applies to a specific piece of equipment or not
 - When billing should start (First Payment Date)
-

Step 1: Open Your G&S Record

1. Navigate to **Dealer Goods & Services**
 2. Find the record for the contract you want to bill, or create a new one by selecting the contract using the Transaction# picker
 3. The system will auto-fill contract details for you
-

Step 2: Add Fee Line Items

1. Scroll to the bottom of the G&S record and click the **\$ FEES** sub-tab
2. Click **NEW** to add a fee
3. Fill in the following fields:

Field	What to Enter
Equipment	Select the unit from the dropdown. Leave as "--None--" if the charge isn't tied to a specific piece of equipment.
Serial Number	Auto-fills when you select Equipment. Use this to verify you picked the right unit.
Description	Select the charge type: Ice Mats, Cleaning Fee, Trip Charge, CO2 Exchange, Filter, PM, Supplies, Damage, etc.
Fee Amount	Enter the dollar amount (e.g., 100.00)
First Payment Date	The date billing should start. Required.
All Assets?	Check this ONLY if you want Aspire to split the charge proportionally across ALL equipment on the contract.
Recurring Billable?	Check this if the charge repeats for multiple months.
Recurring Frequency	Only fill if Recurring Billable is checked. Options: Monthly, Quarterly, Annual.

Field	What to Enter
Number of Occurrences	Only fill if Recurring Billable is checked. How many billing periods (e.g., "3" for 3 months). Leave blank if the charge should continue for the remainder of the contract term.

1. Click **SAVE**
2. Repeat for additional fee line items if needed (for example, when splitting a charge across multiple pieces of equipment)

Step 3: Send to Aspire

1. Go back to the main G&S record (click **BACK** or navigate up from the fee record)
2. Click the **SEND SCHEDULED BILLABLE TEST** button
3. The system will:
 - Gather all your saved fee line items
 - Send them to Aspire as one submission
 - Mark each fee as "Sent" when successful

That's it. Your charges are now in Aspire.

Common Scenarios

Scenario 1: One Charge, No Specific Equipment

Use this when the charge isn't tied to any particular unit (e.g., a general trip charge for the whole contract).

1. Add 1 fee in the **\$ FEES** sub-tab
2. Leave **Equipment** as "--None--"
3. Leave **All Assets?** unchecked
4. Enter your **Description**, **Fee Amount**, and **First Payment Date**
5. Save

6. Go back to the G&S record and click **SEND SCHEDULED BILLABLE TEST**
-

Scenario 2: One Charge to One Piece of Equipment

Use this when the charge is for a specific unit (e.g., a PM fee for a particular water cooler).

1. Add 1 fee in the **\$ FEES** sub-tab
 2. Select the unit from the **Equipment** dropdown
 3. Verify the **Serial Number** auto-fills correctly
 4. Enter your **Description**, **Fee Amount**, and **First Payment Date**
 5. Save
 6. Go back to the G&S record and click **SEND SCHEDULED BILLABLE TEST**
-

Scenario 3: Split a Charge Across Multiple Pieces of Equipment

Use this when you need to divide a total amount between specific units (e.g., \$25 to Unit A, \$75 to Unit B).

1. Add a fee for the first unit:
 - Select the equipment
 - Enter that unit's portion of the total (e.g., \$25.00)
 - Enter **Description** and **First Payment Date**
 - Save
2. Add another fee for the second unit:
 - Select the equipment
 - Enter that unit's portion (e.g., \$75.00)
 - Enter **Description** and **First Payment Date**
 - Save
3. Repeat for additional units if needed
4. Go back to the G&S record and click **SEND SCHEDULED BILLABLE TEST**

All fees are sent together in one submission.

Scenario 5: Charge Prorated Across ALL Equipment on the Contract

Use this when you want Aspire to automatically divide the amount proportionally across every unit on the contract.

1. Add 1 fee in the **\$ FEES** sub-tab
2. Leave **Equipment** as "--None--"
3. Check the **All Assets?** checkbox
4. Enter your **Description**, **Fee Amount**, and **First Payment Date**
5. Save
6. Go back to the G&S record and click **SEND SCHEDULED BILLABLE TEST**

Aspire handles the proportional split — you only enter the total amount.

Scenario 6: Recurring Monthly Charge

Use this for charges that repeat over multiple months (e.g., a filter replacement every month for 3 months).

1. Add your fee(s) following any of the scenarios above
 2. Check the **Recurring Billable?** checkbox
 3. Set **Recurring Frequency** to "Monthly" (or Quarterly/Annual as needed)
 4. Set **Number of Occurrences** to the number of billing periods (e.g., "3" for 3 months)
 - Leave blank if the charge should continue for the remainder of the contract term
 5. Save
 6. Go back to the G&S record and click **SEND SCHEDULED BILLABLE TEST**
-

Important Things to Know

- **Testing mode is active.** Charges appear in Aspire but will NOT generate invoices yet. This gives you a chance to verify everything looks correct without affecting customers.
- **Sent means sent.** Once a fee is marked "Sent," it cannot be re-sent or edited. If you need to correct a sent charge, contact **Kyle** or **Malik**.

- **One submission per click.** When you click the Send button, ALL saved fees on that G&S record go together. Make sure all your fee line items are entered and saved before clicking.
- **Serial Number is your safety check.** After selecting Equipment, always glance at the Serial Number column to confirm you picked the right unit.

Troubleshooting

Problem	What to Do
The SEND SCHEDULED BILLABLE TEST button doesn't appear	Make sure you have at least one fee record saved in the \$ FEES sub-tab.
Error after clicking Send	Check that every fee has a First Payment Date and a Fee Amount filled in. Both are required.
Selected the wrong equipment	Edit the fee record, change the Equipment dropdown, and save. Then try sending again.
Charges not showing up in Aspire	Check the Status field on your fee records. If it says "Sent" — it went through; give Aspire a moment. If it says "Error" — contact Malik or Kyle.
Need to change a charge that's already sent	Contact Kyle or Malik. Sent charges cannot be modified from the Water Desk.

Quick Reference

Action	Where
Add fee line items	\$ FEES sub-tab (bottom of G&S record)
Send charges to Aspire	SEND SCHEDULED BILLABLE TEST button (main G&S record)
Verify equipment	Check Serial Number column after selecting Equipment

Action	Where
Make it recurring	Check Recurring Billable? , set Frequency and Occurrences
Prorate across all units	Check All Assets? , leave Equipment as "--None--"

Need Help?

- For system errors or corrections to sent charges: Contact **Kyle** or **Malik**
- For questions about which charge type to use: Check with your manager
